HOGE IS INSTALLING NEW EQUIPMENT

Electric Power And A New Compressor Being Added To Facilitate Operations

The Hoge Development Company are busily engaged at present in the installation of electric power, on their new properties in order to operate their work of development, with greater speed and efficiency. They are just completing a compressor building and blacksmith shop, which is of ample proportions to house all equipment necessary for the company's present needs.

This coming week, they expect to put in the necessary concrete foundations for the compressor, motor, etc., which is already for installation as soon as the foundations are in place, and properly hardened to stand the strain.

The development of this Company up to date, has been of a very satisfactory nature, and for that reason, the management decided upon the installation of modern up-to-date equipment in order to prosecute their development work with economy and efficiency.

Mr. Hoge the president of the Company is authority for the statement that there shall probably not be any public offering of this stock as he and his associates have got all matters pertaining to finances practically settled and disposed of.

Mr. Hoge has had but very little to say for the past several weeks. But all of the time he and his crew of men under the supervision of Billy Genasci, have been busily engaged in the necessary work, preparatory to a large operation that

The Editor of this paper has heretofore stated, that it was his opinion that this Company would develop one of the outstanding big producers of this famous camp, and in the light of present developments together with moredn up-to-date electric equipment being installed, he is more than ever convinced that this mine will eventually be a proven fact.

The best wishes of the entire community are with Hoge and the Hoge Development Company. Because he makes every dollar count, that is entrusted to his care and backs up his company with his own personal standing and credit, to the full limit. These are the class of men that count in any industry, and the more we have, the better for all concerned.

FIRST HEAVY STORM OF WINTER BRINGS SNOW

The heavy storm last week did inestimable benefit to the pasturage and laid a foundation for the winter snows which will make for an abundant water supply the coming year. There was considerable wind but beyond uprooting trees and causing disturbance to telephone and power lines it did little damage. Nearly two feet of snow fell at Graniteville and the Victory Highway over the summit was closed to travel as were the other passes to the south.

The Yuba Pass is in good travelable condition which proves its efficacy as a cross Sierra route. The Yuba Pass Association has not announced its plans for handling the snow this winter.

W. M. SELL BUSINESS VISITOR

W. M. Sell, Jr., one of the proprietors of the popular Hotel Turpin of San Francisco was a business visitor in Nevada City last week in the interest of his hostlery. The Turpin under the ownership of Sell and E. T. Farrow has thoroughly reestablished itself as one of the leading hotels of the coast and enjoys a large patronage. Many new improvements are being planned according to Mr. Sell.

Emil Unger, who was injured in a powder explosion last week Sunday, is slowly recovering at the county hospital. The body of Arnold Unger was sent to Medford, Oregon for interment. Another brother was killed some three months ago.

Jim Tosi of the Chicao Pgark section used a string tied to his shot gun to end his life last week.

Judge Byron Lyons of Washington visited friends here last week.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining claims have been recorded the past week:

The Extention placer claim in Washington Mining District. NE¼ NE¼, Sec. 20, T17N, R11E., by T. L. Larsen and Charles A. Kaas.

Colorado quartz location in the North Columbia Hill Mining District by O. J. Thompkins and E. J. Frost.

Big Bend No. 3 placer location by F. J. Nash, J. L. Coyle, Amy C. Aubury, O. Adams, Eric Lyders, J. W. Hanner, Wynn M. Pond and John E. Pond.

Yuba Mother Lode No. 3 in Moores Flat Mining District by Andy Fitz Mining and Milling Company.

CITY TRUSTEES TO PUT TEETH IN TRAFFIC LAW

Tightening up of the enforcement of the recently enacted traffic ordinance was the principal item of business discussed by the city trustees at the adjourned meeting held Friday night. In the absence of Mayor Holmes, Trustee Bennetts acted in the capacity of chairman in an efficient manner.

The officers reported that they had made around 100 citations for violations of the ordinance so far but the amount of fines levied had been infinitessimal in court. Judge Dow in conversation stated to The Nugget that there had been conflicting instructions as to when enforcement was actually to commence and for that reason he had been turning offenders loose. He stated that he was not in favor of making a revenue producer out of the ordinance in any event. The trustees instructed special Police Officer Hallett to proceed with the marking of the streets for parking and traffic lanes and that if people did not propose to obey the ordinance as enacted that they should be made to pay for the delinquency and were in favor of having the judge assess a nominal fine at least on offenders.

More stop and no-parking signs have been ordered from the auto association and will be installed, one more at the corner of Pine and Commercial, one at the head of Winter street and on eat the Methodist church corner. The no parking sign in front of the court house is to be moved to the opposite side of the street but the trustees expressed themselves as being in favor of no parking at all in front of the county headquarters. The street alongside the Theatre is to be kept clear. With the covering of the gutter along the south side of Broad street below Pine it is expected that the present practice of the street bus backing around at the main corner in the business district will be stopped and a new bus stop arranged.

The covering of the deep gutter which has been a bugbear to motorists brought out a lot of discussion and the trustees went over the matter Saturday morning to decide the best method and this will be followed out this week. With this covered and the parking lines marked out, traffic control on Broad street will be followed out more closely.

A set of maps gotten out in 1883 showing the buildings in Nevada City, was presented to the board by William Landrigan.

W. H. Osborne presented a request that he be permitted to edect a small building to house his cleaning plant in back of his present quarters. He proposes to erect the building with concrete floor, corrugated iron sides and roof and -0 by 18 feet in size. The matter was referred to the board of fire delegates as the proposed structure is within the fire zone.

Water collections for the past month were $1087.25, taxes $395.68 and fines $56. There was paid out on the general fund last month $6297.40, fire fund $151.65 and library fund $97.97. Included in the general fund payment was the judgment obtained by William McKean on his rock crushing equipment during the street paving operations.

The swmiming pool problem crept in again during the meeting but as usual was laid over for future dealing.

GRAND JURY AUDIT GIVES FINANCIAL CONDITION COUNTY PAST TWO YEARS

Report Report Released to the Press Reveals Sources of the County Income For Past Biennium And Expenditures Grand Jury To Complete Labors The Coming Month

The report of the audit made of the county books by the firm of Peat, Marwick, Mitchell & Company has been submitted to the Nevada County Grand Jury and has been released by F. F. Cassidy, foreman.

The prelude recites that the examination was confined to the verification of the monies collected and disbursed and the preparation of the statements of receipts and disbursements, Treasurer's fund balances, and other data. A balance sheet was not prepared setting forth the assets, liabilities and surplus of the County, as the present accounting system is on a cash basis and does not provide for such records.

The total cash on hand June 30, 1926 was $183,697.12. The cash balance on June 30, 1928 was $222,-355.51, or an increase of nearly $40,000 during the two year period. During the past year the county spent $6,306.43 more than it took in while during the previous year there was an excess of receipts of $32,151.98. By going through the detailed figures below the comparison of receipts and disbursements for the two year period may be readily compared.

The tax collections, real and personal for the biennium was but a few hundred dollars short of a half million. Real property taxes increased nearly $2000 during 1928 while personal property taxes decreased nearly $5000. The delinquent tax roll in 1927 was $7,727.79 and for 1928 it was $6,609.81.

The records show that every penny of unsecured personal property taxes were collected during both years by Assessor Henry C. Schroeder, amounting to $18,137.80 in 1927 and $19,110.60 the past year. The records of Tax Collector Frank Steel were examined in detail and found to be accurately kept and in agreement with the records of Auditor George Coughlan.

The total fees collected by the various officers dropped from $5038.85 in 1927 to $4346.69 in 1928. These will be found in detail below. The fines agreed with the records of the Justices of the Peace, the Sheriff and Court Register of Actions, with the exception of the Justice Court at Grass Valley. We understand that separate records will be kept in future. The Fines turned over to the Treasurer amounted to $33.713.30, and include Justice Court Fines $30,347.30, Superior Court fines $2366.00 and bail forfeiture of $1000.00."

FEES COLLECTED

	1927	1928
Clerk	$1,659.30	$1,519.80
Recorder	2,039.35	2,222,45
Sheriff	130.14	196.49
School Supt.	50.00	86.00
Pub. Admr.	942.31	63.70
Justices Peace	217.75	285.25

The County collected $11,099.73 in interest from bank deposits, Liberty Bonds and Treasury Notes.

The funds on hand amounting to $222,355.51 consisted of the following cash in banks and on hand, and investments as follows: Central Bank of California $15,000.00; Angle and London Paris National Bank, $20,000.00; Capital National Bank, $20,000.00; Wells Fargo and Union Trust Company, $20,000.00; First National Bank in Grass Valley, $36,202.53; United Security Bank and Trust Company, $49,044.15; coin and currency on hand, $12,-108.83; Liberty Bonds, $10,000.00; Treasury Notes, $5000.00; State of California Veterans Welfare Bonds, $35,000.00.

The bonds of the Treasurer and Tax Collector were found to be $100,000 and it was recommended that in view of the large amount of cash to the credit of the county that these bonds should be increased.

The records of the officials were found to be neatly and accurately kept with the exception noted.

It was recommended that a new form of disbursement warrant be adopted, with a detachable check for presentation to the Treasurer by the payee, in order that warrants will not pass out of the Auditor's hands, as in the present system.

The inmates at the county farm were treated to a series of travel pictures taken in Northern Africa, last week, by Rev. H. H. Buckner

Mrs. M. M. Coughlan left Tuesday for Red Bluff to be with her mother, who is very ill.

Mrs. Edith Solari of Vallejo came up for the funeral of her mother, Mrs. Amanda J. Rapp.

Miss Clara Angiolini returned to San Francisco after spending the week end here with her parents, Mr. and Mrs. M. Angiolini. A chicken dinner was served at her home on Armistice Day in her honor. A number of friends were present for the occasion.

William H. Young principal of Gold Flat school, was able to resume his duties at school Tuesday, after an absence of a few days on account of illness.

MONARCH MINE FIGURES IN NEW DEAL

D. H. Dutton To Superintend Large Operations At This Noted Sierra City Mine

One of the biggest gold mining operations in this section of California is scheduled to get under way this winter at the Monarch property at Sierra City which has been taken over by eastern financial interests who expect to spend in the neighborhood of a half million dollars to develop this famous property adjoining the noted Sierra Buttes property which has a production record of around twenty millions.

The Monarch which is owned by Jack Lee of Sierra City is one of the promising properties with a large extent of territory and three large vein systems. An enormous tonnage of fine milling ore has been blocked out the past few years but finincing to operate it on a large scale has been lacking until recently when D. H. Dutton, heading prominent eastern interests, bonded the property and are preparing to open it up.

The company has taken an interest in the power plant on the North Yuba below Sierra City owned by the California Buttes interests and is installing a power line to the Monach. The present 342 ft. shaft at the mill is to be sunk to the 550 level at once on the Monarch vein and the mill will be operated throughout the winter on ore already blocked out. The present mill capacity is to be increased to 90 tons. There is said to be around 175,000 tons of ore blocked out which shows assay values averaging in excess of $14. per ton.

The program for the coming spring is to develop a promising mill site at the south end of the property two miles south from the present mill and start a long drainage and haulage tunnel to get into the present workings. This will be an elevation of some 1200 to 2000 feet lower than the present workings and will provide about 1800 feet of backs. This will make for extremely low costs of operation. A 60 stamp mill will be erected at the new site and the present mill abandoned. With its own power supply to the property makes an attractive feature.

Assays made on a number of samples show excellent returns. On Sample No. 1 taken over 800 feet of the vein showed gold value $6.80 per ton. No. 2, $21.60; No. 3, $1253.60; No. 4, $122.40; No. 5, $23.20, and No. 6, $3987.20.

Mr. Dutton who is general manager in charge of operations was in Nevada City Saturday afternoon with a number of specimens of high grade quartz taken from the workings. He was accompanied by Mrs. Dutton.

J. W. Platt of New Haven, Connecticut, who is secretary of the new company is expected shortly at the property on a tour of inspection.

GERMAN BAR MINES TO INSTALL A PILOT MILL

The German Bar Gold Mines Company will continue development at its mines in the Snow Point district, and install a pilot mill of 50 or 75 tons capacity. The property is adjoining the Plumbago mine and adjacent to the Gold Canyon and Irelan Mines all of which have been large producers of rich gold ore. The German Bar has a production of about $200,000 from a "pocket" but has been idle for many years until it has acquired for the company by Mr. Thomas E. Stephens, Auburn, California, a mining engineer native of the district, who has been for a long time engaged in oil and mining in the Argentine. The property was recently examined by Kirby Thomas of New York for the eastern associates in the Company mostly in Camden, N. J. Louis W. MacCloskey of Camden is president.

ALTA HILL LAWSUIT IS HEARD SUPREME COURT

The Alta Hill mines which have have been in court for some months and are under option to the Cooley Butler interests of Los Angeles, figured in a supreme court hearing the past week at Sacramento, the case being carried up on appeal from the superior court.

BIGELOW COMPLETES 20 YEARS FAITHFUL DUTY

R. L. P. Bigelow last Tuesday rounded out twenty years of service as supervisor of the Tahoe National Forest, a record truly to be proud of. Probably one of the outstanding achievements of his years of service aside from his administrative duties has been the building of the Yuba Pass Highway from Sierra City eastward and with the completion of the work Downieville and Sierra City, Sierra county and California will have a broad year around highway that will be an enduring monument to the man who had vision and the persistence to see it through in the face of many difficulties.

When Mr. Bigelow came to Nevada City in 1908 the Forest Service offices were in the Daniels Building on Pine street, but these were soon outgrown and the Service has since been housed in the Bennetts Block on Broad street. The force employed in this district has been growing until it represents a sizeable community in itself. With fire protection, grazing and road building and repair within the forest areas, the headquarters administers a growing business.

"Dick" Bigelow is one of Nevada City's leading and best loved citizens.

DO YOUR BIT FOR THE RED CROSS ROLL CALL

Another Red Cross Annual Roll Call is now under way and Nevada City may be counted on to do her usual generous bit for this great humanitarian work. One of its outstanding achievements of the past year was the rescue work in the hurricane area in Florida and the West Indies.

Wherever there is suffering, famine, pestilence or plague, the Red Cross is first on the job to minister to the wounded and alleviate conditions, to furnish food and shelter. That is where your dollars go,

Chairman George L. Jones of the local chapter announces that subscriptions may be made at The United Secuirty Bank, The Nugget office and the Morning Union, where receipts will be issued for all payments.

Alfred Whittell of San Francisco was up from San Francisco several days last week visiting his friend, Gordon M. Bettles and family.

Mr. and Mrs. Fred Breese spent a few days in San Francisco.

Mrs. F. F. Cassidy is in San Fransico visiting relatives and friends.

WRIGHT SHOWS PROWESS AT ANCIENT GAME

W. E. Wright, erstwhile district attorney, has as one of his occomplishments the correct stance, timing, and putting which are listed as the accoutrements of the ancient and honorbale game of golf. Last week he stroked the local course in 39 strokes tieing the course record established some time since by Al Abrahams. Stuart Hosking with an 18 hole record of 83 also set up a mark to shoot at by some of the local club wringers.

Mrs. Mary Stenger is recovering from her recent illness.

Harry Sandow left Tuesday for his home in San Francisco after a short visit here with Mrs. W. H. Warnecke.

Miss Elaine Mobley, teacher in the Auburn high school, spent the week end here with her parents, Mr. and Mrs. W. L. Mobley.

Mrs. Ella M. Austin, county superintendent of schools, visited her sister, Mrs. A. Anderson of Spenceville, over the week-end.

Herbert and Henry Paine, mining men of Lake City, spent last week end in Nevada City.

Guests over the week end at the Charles Ninnis home were, Miss Doris Rice, a former high school teacher here, her mother, and Miss Agnes Welch, all of Berkeley.

THE NUGGET IS TWO YEARS OLD

This week sees the completion of two years of service in this community by The Nevada City Nugget, California's fastest growing newspaper. Started as a new enterprise in the community it has grown to where its influence covers a wide territory and its ciculation girdles the globe. To the loyal merchants who started out with the infant and to them and those who added their support in increasing measure as the weeks have passed, is due the credit for Nevada City having her own newspaper today.

The following business firms have not missed an advertisement in the paper since its first issue:

The Alpha Hardware and Supply Company,
United Security Bank and Trust Company
Nevada City Hardware Company,
J. J. Jackson,
Keystone Market,
Dickermans,
John W. Darke.
Nevada City Cleaners,

The following have come in since the first issue and for over a year have not missed an issue:

R. E. Harris, Ace Tire Shop, Nevada City Assay Office, Nevada City Sanitarium, National Coffee Shop, Freemans Bakery, Eddy Leong, Clarence R Gray, George H. Shirkey, Rose Lee Beauty Shop, R. F. Werner, Nilon and Nilon, Armstrong Walling and Ford, W. E. Wright, Edward C. Uren, W. A. Johnson, Holmes Funeral Home, Hotel Turpin, Grass Valley Cleaners, Wildberg Bros., J. J. Ghidotti, H. W. Hartung and Son, and Nevada Lodge F. and A. M.

Since they started up in the business here, the Chain Grocerteria, W. R. Jefford and Son and Nevada County Building Loan Company have not missed an issue of the paper.

The publishers are proud of the support which has been accorded their efforts during the past two years which have been directed entirely to building up the community and making it a better place in which to live and in which to conduct business. Its winning fight in the recent assembly election and its firm adherence to the policy of boosting our mining and mineral resources on every occasion have endeared the papers to hundreds of families. The 1000 circulation mark was passed a few days ago and we are now headed for the second thousand. The coming year will see many improvements.

The generous support accorded the job department of the paper shows that the business men are loyal to their home town institution. With the addition of much new equipment the past few weeks, this office is prepared to render prompt, efficient and satisfying printing service at all times to its customers. Your dollars spent at home are the ones that build up your own community.

The Nugget enters its third year with renewed aims and aspirations which with the continued support of the business men will become possible of achievement.

PERSONAL MENTION

Mrs. Margaret Wilson of Gold Flat is confined to her home with an attack of scarlet fever. She teaches at Rough and Ready. Mrs. Norine Seeley is substituting for her during her illness.

Miss Lois Wilcox has returned to San Francisco after a two week's visit here with Mrs. Hogan and family.

Mrs. W. E. Wright spent ten days visiting in Oakland and San Francisco returning home the latter part of last week.

Mrs. E. W. Schmidt has returned from a visit with her daughter, Miss Mary, a Mills College student.

Mr. and Mrs. George Downey have had as a visitor their daughter, Mrs. E. W. Beatty, and husband of Fresno.

There's peace in the household guarded by Castoria. Peaceful sleep for Baby. Uninterrupted rest for Mother. For a few drops of pure Castoria will quiet any fretful infant. Or put the little one back to sleep when there's an upset during the night.

Parents, don't try to do without good old Castoria! It isn't fair to the baby and it makes things hard for you. You can't give Baby medicine meant for grown-ups—or shouldn't! Castoria is the solution. It is always safe. It always does the work. And although it acts as swiftly as an opiate or a narcotic, it contains neither. *Castoria is purely vegetable.* Give it whenever there's constipation, colic, diarrhea.

No less than five million modern mothers have come to depend on Castoria, for twenty-five million bottles were bought last year! Get yours today; don't wait for some night when it's needed, and the drugstore is closed!

Children Cry for CASTORIA

Supervisor and Mrs. Andrew J. Modglin and Mary Wehrle came in from Port Wine on Monday. They intend to reside in Mrs. M. Rutishauser's house in Downieville this winter.

H. H. Sauber, principal of the joint union high school, was in from Loyalton for a few hours last Saturday.

Mrs. Raymond Rossen of San Francisco spent a few days here visiting Mrs. R. C. Rossen.

George Fortier is here visiting with his morther, Mrs. C. M. Fortier and renewing acquaintances.

Henry Casci came down from the Ancho mine to spend a few days here.

Mrs. William Cunningham of Celestial Valley was a shopping visitor here early in the week.

IN PEACE, AS WELL AS IN WAR, THE RED CROSS FINDS HELPFUL WORK TO DO

Nobl yand generously and willingly we all came forward during the war period, even hastily, and did our part towards putting the Red Cross oganization in funds to meet the emergencies that the war thrust upon it. The women contributed not only funds, but their time and labor and their maerials towards providing supplies tht would reliave the distress of men wounded on the field of battle

While wounded soldiers excite our sympathy to a great extent because they are fighing for country and for us, yet suffering among civilians in times of peace is just as keen when they are stricken and in many instances is just as badly needed. Disasters such as the Gulf hurricane and help is needed. The Red Cross Answers and the story of sffering is short. This organization is prepared to meet the situation.

With this thought in mind, let us remember that it is our responsibility to provide funds for these emergencies. When asked to take a membership, let's say "Yes."

Memberships may be left at this bank, Th eNugget and the Morning Union offices.

JACKSON TEAM LEADING IN THE TOURNAMENT

The fifth week of the Elks bowling tournament finds the Jacksons still safely ensconsed in the top rung of the ladder with no one within hailing distance. The champs took the crippled Nuggets into camp Thursday night for three points, the latter team being handicapped with but three regulars who have been able to accumulate only three points in the past four weeks of play, and who are secure in the bottom place.

The Pierces furnished the surprise of the week when they went after the Schreiber crew and annihilated them. The Schreibers are in second place with 12 points but have the lowest pin total of any team in the league.

The averages of the individual players show Percy Carr still leading the league with an average of 157 while Mobley is in second place with the same average for three less games. Bob Carr has pulled his average well up by sensational work the past week. Grove's play has been somewhat lower than his initial start. Fouyer is coming up fast. Jackson has been hitting the pins regularly and is coming up fast in the averages and will be pushing the leaders. He has three bowlers running 146 and better which is putting the other teams at a considerable disadvantage.

The matter of changing lineups somewhat to present a better balanced play and insure close competition has been creeping in again particularly as some of the team members are conspicious by their continued absence. The committee did some hard thinking to get well balanced teams and on paper the startnig lineups looked to be good but the absentees are something that no committee has any control over.

Makes Life Sweeter

Next time a coated tongue, fetid breath, or acrid skin gives evidence of sour stomach—try Phillips Milk of Magnesia!

Get acquainted with this perfect antacid that helps the system keep sound and sweet. That every stomach needs at times. Take it whenever a hearty meal brings any discomfort.

Phillips Milk of Magnesia has won medical endorsement. And convinced millions of men and women they didn't have "indigestion." Don't diet, and don't suffer; just remember Phillips. Pleasant to take, and always effective.

The name Phillips is important; it identifies the genuine product. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

PHILLIPS Milk of Magnesia

OLD FOLKS SAY DR. CALDWELL WAS RIGHT

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice.

He treated constipation, biliousness headaches, mental depression, indigestion sour stomach and other indispositions entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, a combination of senna and other mild herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle will last several months, and all can use it. It is pleasant to the taste, gentle in action, and free from narcotics. Elderly people find it ideal. All drug stores have the generous bottles or write "Syrup Pepsin," Dept. BB Monticello, Illinois, for free trial bottle.

HORSESHOE TOURNAMENT IS WELL UNDER WAY

Standing of Teams

	Won	Lost	Pct.
Christoforo Colombo	11	4	.733
Court Garfield	10	5	.667
N. S. G. W.	7	8	.467
I. O. O. F.	2	13	.133

The two local lodges of the Foresters of America are still showing the way to the other members of the horseshoe pitching tournament in Nevada City. The Christoforo Colombo wrecking crew scuttled the I. O. O. F. craft last week and kept under full sail toward the pennant. Court Garfield shoved a couple of tallies across Hydraulic Parlor's goal line but the interference failed in one game and the Native Sons made off with one contest hanging at the belt of Captain Herb. Hallett.

This year's hoof-shaking contest is burning up lots of candles in the various lodgerooms of the orders entered in the contests. It is beginning to look as though the veteran players in the tournament are going to watch the receding heels of Christoforo Colombo's pitchers during the tournament. The Colombo shoe-pushers, altho the baby bunch of the outfit, are breaking the trail at the present time, safely ensconced on the first sled in the line, and we believe that it will take quite a wind to bump them off.

We did notice Captain Arbogast of the I. O. O. F. and Hallett of the N. S. G. W., with their heads together last night saying something about vaccination. Now, whether they are planning to inoculate their men with some kind of pep-vaccine or are plotting to jab some sleep-pox into the two leading contenders did not slip out. Of course, it might have been a perfectly innocent conversation at that, but from the standings of the Odd Fellows and Native Sons, it may well be assumed that developments of some sort may be soon expected.

The college holds the same relation to the mind that the plow does to the corn; it may do a good job of cultivating and yet not get a crop.

When we look into the future and see the good there is for each one of us to do, we realize after all what a beautiful thing it is to work.—Stevenson.

Have at least *two* telephones

An extension telephone is as much a saver of steps in your home as an additional water tap. And it costs very little.

Extension telephones can be installed after your house is built, but an even better method is to *plan* for adequate telephones before you build.

How to Play BRIDGE

Series 1928-29 by Wynne Ferguson

And "PRACTICAL AUCTION BRIDGE"

Copyright 1928, by Hoyle, Jr.

One of my correspondents has a[illegible] for more light on the difficult [illegible] of denials of partner's suit bids.

As a general rule, deny partner's suit if you have one, two or none of the suit. This rule, of course, should be qualified in two respects: *First*, that second hand has passed. If second hand has bid, [illegible] deny partner's suit by passing, [illegible] there is no necessity for a take-out. *Second*, the hand should contain at least a trick or trick and a half to justify a take-out in denial of partner's suit bid.

For example: Dealer bids one heart and second hand passes. What would you do with the following hands?

Hand No. 1	Hand No. 2	Hand No. 3
Hearts — 7	Hearts — 5, 2	Hearts — 6
Clubs — A, J, 7, 2	Clubs — Q, J, 10, 5, 3	Clubs — J, 7, 6, 3, 2
Diamonds — J, 7, 4, 3	Diamonds — J, 5	Diamonds — 10, 7, 5, 3
Spades — Q, 7, 6, 2	Spades — K, 7, 3, 2	Spades — J, 7, 5

With Hand No. 1, you should bid one no trump. The bid of one no trump over a major suit acts as a denial of the suit and should be so understood by partner.

With Hand No. 2, you should bid two clubs. The bid of a minor suit over a major suit acts as a denial of the suit. In this hand you have the possibility of three tricks in clubs and a trick in spades; therefore the denial is sound.

With Hand No. 3, you should pass. There is not a semblance of a trick in the hand, and to bid under such conditions, even in the laudable desire to warn partner, will only get you into trouble. Your partner is very apt to infer tricks in your hand and he is justified in doing so. If they aren't there and he goes on with his bid, any loss that results is your fault, not his.

Therefore, when you hold one, two or none of your partner's suit, don't hesitate to deny his bid provided you have at least a trick in your hand; but with any less strength, pass and hope for the best.

In the preceding article two test hands were given as problems for consideration.

Answer to Problem No. 1

	Y	
A		B
	Z	

Hearts — 9, 8, 4
Clubs — 10, 9, 7, 6, 3
Diamonds — J, 7
Spades — A, K, 6

No score, rubber game. Z dealt and passed. A passed and Y bid one club. B bid one diamond, Z bid two clubs, A passed and Y bid two hearts. If B now bid two spades, what should Z bid?

Solution: Z should bid two no trump. Such a bid should indicate to his partner that he has a stopper in the spade suit but none in the diamond suit. If Z had had a stopper in the diamonds, he would have bid one no trump over one diamond, instead of bidding two clubs. For that reason, he now can safely bid two no trump without fooling his partner. Y should realize that Z hasn't the diamonds stopped and if he also is without a stopper he should bid three clubs. it is a pretty example of expert bidding and shows clearly how clever players can tell their partner the type of hand held by their bidding. Y's hand in this case was as follows:

Hearts — A, K, J, 6
Clubs — A, K, J, 5, 2
Diamonds — Q, 9, 6
Spades — J

He read Z's bidding correctly and passed the two no trump bid. As a result Z and Y made four odd at no trump, game and rubber, while at clubs they couldn't have made game as they had to lose two diamonds and one heart trick. Be on the lookout for opportunities of this kind.

Answer To Problem No. 2.

Hearts — none
Clubs — K, Q, [illegible]
Diamonds — A, 7
Spades — none

	Y	
A		B
	Z	

Hearts — no[illegible]
Clubs — 9, 7,
Diamonds — Q,
Spades — none

Hearts — Q, 7
Clubs — 10
Diamonds — J, 10
Spades — none

Hearts — A, 9, 8
Clubs — none
Diamonds — K, 6
Spades — none

Hearts are trumps and A leads the five of clubs. How can Z so play the hand that he can win the balance of the tricks against any defense?

Solution: This problem is an illustration of the grand coup. Z should trump the club trick, and then lead the king and six of diamonds, winning the third trick in Y's hand with the ace. He now has a tenace in hearts over B and must win the balance of the tricks. Note that if Z doesn't trump his club trick, he must lose one trick as he will be forced in the lead at trick three and be obliged to lead trumps up to B's hand. This trumping of a good trick in order to shorten trumps and so obtain a tenace position on the last two tricks is known as the Grand Coup, and is one play that the experts love to brag about when they make it. Study this over and you may be able to make a similar play one of these days and surprise your friends and delight yourself.

Problem No. 3

Hearts — A, J, 6, 3
Clubs — 10, 5
Diamonds — K, 10, 7, 2
Spades — J, 8, 4

	Y	
A		B
	Z	

Hearts — K, 9, 7, 4
Clubs — 7, 6, 2
Diamonds — A, Q, J
Spades — K, 10, 7

No score, rubber game. Z dealt, bid one no trump and all passed. A opened the five of spades, Y played the four, B the nine and Z won the trick with the ten of spades. How should Z plan the play of the hand? Solution in the next article.

EDITORIAL

Where is the school spirit of the juniors, sophomores, and freshmen? Cannot they have a little more enthusiasm and pay their Student Body dues? The seniors have shown their pep and were the first class to have eighty per cent payment. If the seniors can do it, why cannot the rest? Just because some in each class do not pay, the whole class has to suffer. It is the custom for the freshmen to have their party before Christmas, the sophomores soon after, and the juniors in May. If they do not pay their dues soon, the parties will never be held. The students should appreciate the privilege of being allowed to hold parties, because many schools never are allowed to have any dances. No class functions nor meetings can be held until these dues are paid, but still some don't pay. We all know how anxious every one is to purchase his ring during his third year. Why not pay the small sum of a dollar, get the benefit of being a member of the Nevada City Student Body, and show that our school still has some school spirit. Let's pay our dues and see which class can next join the seniors in being privileged to meet and hold class functions. Where is our pep?

SONGS FOR JUNIORS!

By Vivian Cerro, Thelma Boreham

Juniors, juniors, do as you choose,
But for goodness sakes, pay your dues!!
We want rings as soon we can;
If you don't pay your dues, you're a heck of a man!
Pay to Bert in the nick of time.
Now endeth our rhyme.

Well juniors, where are your dues?
It's about time now to do as you choose!!
We surely can not wait all day.
Golly sakes, we want some pay!
"Pay to Bert" we do repeat,
And she will give you, your receipt

CARDS GIVEN OUT

The report cards were given out for the second time this year, Friday, November 16. Mr. Isensee made the remark in study hall that there was a lower percentage of faliures for the whole school than last time. He said that although the seniors had a greater percentage of failures than in the previous report, the juniors, sophomores and freshmen showed a marked improvement.

Mr. Isensee also remarked on the rapidity and care with which the cards were returned, only one card having been lost.

While the function of the school is to teach pupils it is also to the interest of the school that the pupils do as well as possible in their work. Parents who see low marks should urge pupils to get extra help from their teachers.

The pupils on the honor roll are as follows: seniors, Alberta Baker, Mary Jones and Nancy Jones; juniors: Nadine Sutton; sophomores: Buddy Roberts and Elizabeth Thomas; freshmen: Jean Gleason and Barbara McMinn.

PLAN IMPROVEMENTS

Mr. Isensee and Mr. Kjorlie attended the meeting of the Womens' Civic Improvement Club, Tuesday evening.

They discussed there, plans for planting shrubs and trees in the school yard of the high school. A committee from the club will address the student body on Wednesday, November 21.

TO THE ALUMNI

Please take notice, some of the alumni of the Nevada City high school, some of you who laugh at the freshmen, scoff at the sophomores, grin at the juniors and smile at the seniors. Please remember your high school days. Remember how books were stacked, desks uprooted, and windows broken. Spots on our walls, and initials carved in our desks remind us of the days when you were the examples of what high school students should be.

Let us stop a moment to think. The last time the books were stacked was in 1923, a year before any of the present high school students were out of grammar school. A minimum of windows had been broken and all with either footballs or baseballs. Three desks had been pulled loose from their moorings, and all the desks in this school are now fifteen years old.

We have had just one catastrophe, and the charred embers of that carelessness remain before us to remind all that pass by, that fire is a hard master.

But let us stop. We could go on indefinitely comparing this and contrasting that with days of yore. We wish only to remind those few that still guffaw at Nevada City high school, that it is not the wreck, not the calamity, not the horrible institution for instilling foolishness that some in their antiquated ideas, still whole heartedly believe.

Annonimus.

MEETS CHERIN BROTHERS

The Nevada City high school "A" basketball team won a fast game from the Cherin Brothers' team by a score of 20-15, Thursday night, November 15, at the Grass Valley high school gymnasium. Both teams displayed good sportmanship and showed much improvement in speed and good playing.

The ponits were scored as follows by our team: Pierce, 8; Evans, 5; Brisebill, 3; White, 2; Hogan, 1; and Skeahan 1.

"D" TEAM TO PLAY

At seven o'clock on Tuesday evening, November 20, the Nevada City high school "D" team will meet the Grass Valley "D" team at the Grass Valley high school gymnasium. There will be a small admission charge.

Sierra County News From The Mountain Messenger

Nov. 20,— There was a scant two inches of snow on the ground in Downieville Wednesday morning.

There was considerable travel to and through Downieville during the week in spite of the stormy weather.

L. T. Henderson, an engineer in the employ of the federal bureau of roads, arrived in Downieville from San Francisco last Friday. Mr. Henderson has charge of brushing the Downieville end of the Downieville-Sierra City highway, and he put a number of men to work cutting brush Monday morning.

More mining news and the right kind of publicity upon legitimate development, was urged by A. A. Willoughby of the Nevada City Nugget at the la stweekly meeting of the Sacramento chamber of commerce mining department. Dead right, Willoughby.

Frank Gualco is working with John Ranier helping drive a tunnel into Ranier's Blue Banks gravel claim just above town. The tunnel through which this ground was first worked some 40 years ago was too high and hand pumps were used to keep the water down. Naturally some of the ground could not be worked, but how much was left is unknown. The present tunnel is expected to be low enough to drain all the old ground and allow what is left to be worked without trouble.

Dr. and Mrs. A. O. Eckhardt came in from San Francisco on Saturday last. Dr. Eckhardt has been appointed county physician and health officer for Sierra county, and intends to reside in Downieville in the future.

S. H. Sherwood went to Reno one day last week to have a surgeon remove a bullet from his neck. Sherwood was shot when the Sierra Valley Bank at Loyalton was robbed last September.

Mr. and Mrs. Homer Gould spent a day or two of last week with their daughter, Miss Etta, in Gennessee, Plumas county, where she is teaching school.

Mr. and Mrs. James Dugan and daughter Mary-Ellen spent Sunday and Monday in Sierra City with relatives.

NURSES know, and doctors have declared there's *nothing* quite like Bayer Aspirin for all sorts of aches and pains, but be sure it *is* genuine Bayer; that name must be on the package, and on every tablet. Bayer is genuine, and the word genuine—in red—is on every box. You can't go wrong if you will just look at the box:

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

Dan Sullivan and Wm. Dubuque put a new corrugated iron roof on one side of the roof of August Costa's residence during the week.

Miss Nellie Baker arrived from Oakland on Friday's auto stage to visit her uncle, Arthur Baker, and his family.

The men who were brushing the right of way for the new federal highway between Downieville and Sierra City were only able to work half a day (Monday morning) this week, the stormy weather keeping the brush too wet to allow cutting. A good start has been made by the crew on the Sierra City end, but the storm delays the work all along.

John Reid and his highway crew have seen a number of fish ducks on the river between Goodyear Bar and Indian Valley during the week. These ducks are not fit for food, but as they destroy hundreds of fish it would be a good thing to kill them all.

Miss Orlanda Carter arrived from Dixon last Friday on a visit to her brother, Wm. L. Carter, and his family.

James Dugan killed a number of young beeves in Sierra City on Sunday which Scott & Dugan had purchased from Joe Zerga.

Leo Thomas took Misses Carmen and Mary Veck down to Nevada City for a visit on Saturday.

Smoke issuing from under the shingles close to the stove pipe of Mrs. Ella Taylor's house, nearly opposite this office, last Monday afternoon, noticed by Joe Lavezzola as he was passing by, caused an investigation to be made. It was found that the stove pipe had slipped apart between the ceiling and the roof, leaving a space of at least ten inches between the two parts of the pipe for sparks and smoke to escape. A new piece of pipe was put in at once.

Gold bearing gravel has been found under the No. 6 fairway at the local golf course the past few days by W. F. Bounday, who has been digging a drainage ditch. At a depth of six feet below the surface Mr. Bounday cut into the rim of a gravel channel which panned plenty of free gold. He reported the find to the directors of the association.

Judge and Mrs. F. T. Nilon went to Sacramento Tuesday. He will appear in the supreme court there and she continued on to San Francisco.

Congressman Harry L. Englebright went to San Francisco Wednesday evening and attended to business affairs in that city, returning home later in the week.

Misses Evelyn O'Connor, Dearestine Daniels, Irma McCormack and Iris Murchie spent last week-end here with relatives. They are teachers in the Roseville public schools.

THE SOCIAL WHIRL

MRS. RECTOR HOSTESS AT A CHARMING PARTY

One of the enjoyable social gatherings of the winter season was the party and dinner given to the members of Trinity Church choir by Mrs. E. M. Rector at her Nevada street home Wednesday evening. The members of the choir attended in a body and spent a delightful evening. Mrs. Sidney Talbot also acted as hostess.

Gathering at seven, the guests repaired to the spacious dining room where a tempting dinner was served. The Misses Margaret and Ruth Rector proved charming helpers to their mother in serving the dinner. Following the dinner, games and guessing contests were enjoyed until a late hour. Mrs. Virginia Ghidotti proved the most adept at guessing the identity of the advertisements while Nancy Jones had the best memory at naming the articles on a tray. Musical numbers were furnished by Mr. and Mrs. Oakley Johns, Miss Margaret Rector and Mrs. Sidney Talbot.

WOMANS CLUB HAS AN ENJOYABLE MEETING

The Womans Civic Improvement Club had its regular monthly meeting in the Elks Building last week and it was well attended despite the stormy weather. The pricipal item of discussion was the planting of shrubbery at the high school and it was led by Principal A. F. Isensee and H. E. Kjorlie of the school faculty. A committee was appointed to go over the situation and report back to the club.

MR. JESSE JAMES PARTY ANNOUNCING PARTY

Mr. Jesse James, manager of the Normandie mine near Grass Valley, gave a party last week to announce his engagement to Mrs. Rachel M. White, a teacher in the Roseville schools. The chicken dinner was cooked by Mrs. Dolly Varden and Mrs. Lulu Hulbert and sixteen sat down to the sumptuous meal. Whist was played with Mrs. White and Mr. Neil Hulbert winning first prizes.

ODD FELLOWS PARTY LAST WEEK WELL ATTENDED

The social evening arranged by the Oodd Fellows last week attracted a good turnout in spite of inclement weather. Prize winnners were Miss Orieda Hieronimous, Mr. E. J. Baker and Mr. and Mrs. Ray Hays.
